

RITE NOW @ ROP

During this time of sheltering at home, Canyon State and Desert Lily Academies have received incredible support from Sun Valley Community Church (SVCC). Over these past few years, a committed partnership has developed between the two organizations and the current stay-at-home order has been difficult for both. This week, members of Sun Valley Community Church surprised the students with over 300 goodie bags, notes and signs telling each child on campus how much they're missed and loved.

SVCC supports Canyon State and Desert Lily Academy staff by way text messages, prayers and encouraging emails to boost morale and show appreciation for continuing to provide essential services to the children in our care.

Both staff and students are filled with gratitude and appreciation to have a community partner who has chosen to make these uncertain times an opportunity for unity. Thank you to Sun Valley Community Church for their love, encouragement and ongoing support.
